**Hills Are Scoured  
On False Alarm**

Members of the police depart-  
ments of San Pedro and Wilming-  
ton and of the sheriff's force, in-  
cluding local officers, scoured the  
Palms Verde Hills late Monday  
afternoon and most of the night,  
looking for two live men and one  
dead one. Up to the present time  
the search has been fruitless.

The search started when a man  
described as being about 21 years  
old, with a scar tattooed on one  
hand, and in a decidedly "shaky"  
condition, stopped at an under-  
taking establishment in Wilming-  
ton and told the undertaker that  
an officer wanted him to go up to  
a ranch on the hills and get the  
body of a man who had been shot.  
He stated that the man who did the  
killing was in the custody of an  
officer. Later the same message  
was telephoned to the San Pedro  
police department.

When a check-up revealed that  
the men of all the departments  
were accounted for, a hoax was  
suspected, but the hunt went on,  
the officers believing that a crime  
might have been committed.

Local officers believe that the  
men who stole a medicine case and  
an instrument case from Dr. F.  
H. Racer's machine a short time  
before the "murder" was reported  
may be mixed up in the affair.  
The description of one of the men  
believed to have taken the cases  
tallies with the description of the  
man who visited the undertaker.

Another theory advanced by of-  
ficers is that the fellow was a  
"hop-head having a pipe dream."

**School Fire Drills

dents at the high school cleared  
the building in 1 minute and 18  
seconds.

At the elementary school 925  
students cleared the building in  
1 minute and 21 seconds.

Mr. Malone says that the stu-  
dents were unusually orderly.

tained while Miss Frutchey was at

today, after which the body will
